

C & G Environmental Consulting, LLC.

PROPOSAL and LETTER OF AUTHORIZATION

Date: April 29, 2008
To: Carson Tahoe Regional Healthcare
1600 Medical Parkway
Carson City, NV 89706
RE: Air Quality Sampling Assessment

Scope of Work:

- Conduct an air quality sampling assessment in three two-story medical buildings (Sierra Professional Buildings) which are located on Mountain Street in Carson City, Nevada.
- The air sampling assessment will include collecting three fungal spore trap samples per floor, per building, and a total of three outdoor fungal spore trap air samples to use as comparisons to the interior samples. No other contaminants besides fungal spores will be sampled for.
- Upon completion of fungal spore air sampling assessment and receipt of analytical results, a final report which summarizes project findings will be submitted within three business days.

Cost: C&G Environmental Consulting Professional Fees: \$ 750.00

Laboratory Analytical Fees: \$1,365.00

Total Cost of Project: \$2,115.00

Any alteration or deviation from the above specifications involving extra cost of labor or sample analysis will only be executed upon written orders for same, and will become an extra charge over the sum mentioned in this contract. All agreements must be made in writing.

Respectfully Submitted,
C&G Environmental Consulting, LLC.

Gene E. Johnson
Project Director

ACCEPTANCE

You are hereby authorized to furnish all labor and sample analysis required to complete the work mentioned in the above proposal for which Carson Tahoe Regional Healthcare, agrees to pay all professional fees, and in addition all laboratory fees.
