Project Manager

Subject: Re-Inspection of Site to Verify Tire Removal
Island Gateway at Exit 8, I-95 (Parcel 2)
Hardeeville, Jasper County, South Carolina
HSA Project No. 401-9441-00

Dear Mr. Rembold:

HSA Engineers & Scientists (HSA) is pleased to provide you with this letter of our re-inspection to verify tire removal at the above referenced site. HSA's Stewart Hines, P.G. performed the re-inspection of the site on February 21, 2005. HSA observed the areas that had formerly contained tires on-site. During our re-inspection no tires were seen in the areas on-site that had formerly contained tires. Therefore, we conclude that the tires have been sufficiently removed from the site.

We appreciate the opportunity to provide environmental services for this project. Should you have any questions, please feel free to contact us.

Sincerely,
HSA Engineers & Scientists (HSA)

Stewart Hines / sm
